Highlands Bankshares, Inc. Announces Year End 2018 Results

Highlands Bankshares, Inc. (OTC: HBSI) announces results of operations for the year ended December 31, 2018.

Highlands Bankshares, Inc., the parent company of The Grant County Bank and Capon Valley Bank, posted year ended 2018 earnings of \$3,889,000 or \$2.91 per share of common stock outstanding (EPS), compared to \$2,469,000 or \$1.85 EPS for the same period of 2017.

On February 12, 2019, the Board of Directors declared a quarterly dividend to shareholders of \$0.45 per share. The dividend was payable to all shareholders of record as of February 22, 2019 and was paid on or about March 1, 2019.

Net interest income, on a fully taxable equivalent basis, increased \$373,000 during 2018, as compared to the same period in 2017. The increase in net interest income was driven by the increase in volume and interest rate on loans and an increase in interest rate on other earning assets combined with a drop in volume of interest bearing liabilities and partially offset by the decrease in volume of other assets and increase in rate of interest bearing liabilities. Net interest margin increased 2.0 basis points to 4.64% at December 31, 2018, from 4.62% at December 31, 2017.

Gross loans increased \$10,183,000 or 3.09% to \$339,301,000 at December 31, 2018 from \$329,118,000 at December 31, 2017. Total deposits increased \$861,000 comparing year ending 2018 to year ending 2017.

Return on average assets (ROAA) increased to 0.95% at December 31, 2018 as compared to 0.61% in the same period of 2017. The return on average equity (ROAE) increased to 7.47% at December 31, 2018, as compared to 4.78% at December 31, 2017.

Total assets as of December 31, 2018 increased 2.11% or \$8,535,000 to \$413,193,000 compared to December 31, 2017. Total liabilities increased \$6,928,000 as of December 31, 2018 to \$352,985,000 compared to December 31, 2017 primarily driven by an increase in long term debt secured to fund loan growth.

Shareholders' Equity at December 31, 2018 was \$53,280,000 or \$39.85 per outstanding share, compared to December 31, 2017 of \$51,673,000 or \$38.65 per outstanding share.

John Van Meter, Chairman and Chief Executive Officer of the company, stated, "Dividends to our shareholders during 2018 totaled \$1.65, an increase of \$0.51 or 44.7% as compared to 2017. The market price of our stock continued to see momentum during 2018 ending the year at \$46.00, an increase of \$4.75 or 11.52% per share compared to the year end 2017 price of \$41.25.

“As we reflect on our performance from 2018, we are proud to announce increased earnings and are looking forward to success in 2019. We had growth in loans, deposits, and equity during the year. Our well-capitalized status remains a source of comfort to our shareholders and clients alike.”

Certain statements in this press release may constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that include projections, predictions, expectations or beliefs about future events or results or otherwise are not statements of historical fact. Such statements are often characterized by the use of qualified words (and their derivatives) such as “expect”, “believe”, “estimate”, “plan”, “project”, “anticipate” or other similar words. Although the company believes that its expectations with respect to certain forward-looking statements are based upon reasonable assumptions within the bounds of its existing knowledge of its business and operations, there can be no assurance that actual results, performance or achievements of the company will not differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Actual future results and trends may differ materially from historical results or those anticipated depending on a variety of factors, including, but not limited to, the effects of and changes in: general economic conditions, the interest rate environment, legislative and regulatory requirements, competitive pressures, new products and delivery systems, inflation, changes in the stock and bond markets, technology, downturns in the trucking, mining, and timber industries, downturns in the housing market affecting manufacturers of household cabinetry and thus, employment, effects of mergers and/or downsizing in the poultry industry in Hardy County, continued challenges in the current economic environment affecting our financial condition and results of operations, continued deterioration in the financial condition of the U.S. banking system impacting the valuations of investments the company has made in the securities of other financial institutions, and consumer spending and savings habits, particularly in the current economic environment. Additionally, actual future results and trends may differ from historical or anticipated results to the extent: (1) any significant downturn in certain industries, particularly the trucking and timber industries are experienced; (2) loan demand decreases from prior periods; (3) the company may make additional loan loss provisions due to negative credit quality trends in the future that may lead to a deterioration of asset quality; (4) the company may not experience significant recoveries of previously charged-off loans or loans resulting in foreclosure; (5) the company is unable to control costs and expenses as anticipated, (6) legislative and regulatory changes could increase expenses (including changes as a result of rules and regulations adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act); and (7) any additional assessments imposed by the FDIC. The company does not update any forward-looking statements that may be made from time to time by or on behalf of the company.
